

FRONTLINE
MISSIONS INTERNATIONAL

March 15, 2016

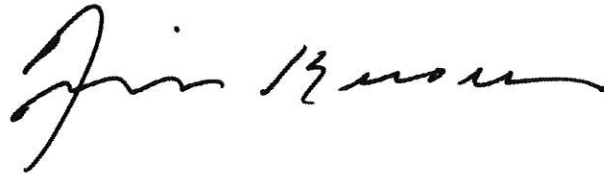

Dear Friend:

I want to commend to you Abigail Yoder to the work of the Gospel in Peru. I have known Abi for the past ten years. For several of those years, she was a joyful and effective team member as she served with our team in northern China. She taught English on the university level, but her primary purpose for being there was making Christ known to the Chinese students and discipling her brothers and sisters in local Chinese churches. I am grateful for the energy and effectiveness with which she served in China. Then when she returned to the States, she furthered her education. While in the Atlanta area for school, she gave herself to reaching a community of refugee women for the sake of the Gospel.

Her love for Christ and her sacrificial love for those for whom Christ died has been so evident over the years, and I am eager to see how God will use her in Peru. To that end, along with Abi, I would be grateful for your consideration to help her go and reach an unreached people group in Peru.

Thank you for your willingness to consider a partnership with Abi in the Gospel's advance!

Grace and peace,

Tim Keesee
Executive Director
